

SAFETY MANAGEMENT MEASURES & HYGIENE PRACTICES

Overseas visitors need to ensure all pre-arrival applications are completed and approved before they may be granted entry into Singapore. For more information, visit safetravel.ica.gov.sg

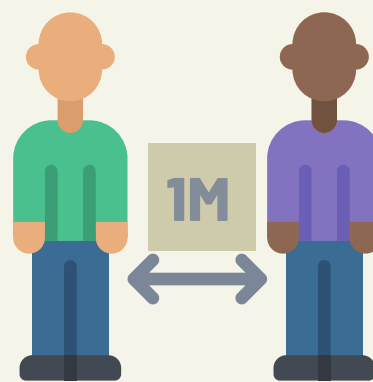

Foreign delegates will be transported to their accommodation upon arrival in Singapore and are required to remain in the designated hotel until his/her COVID-19 test result is out.

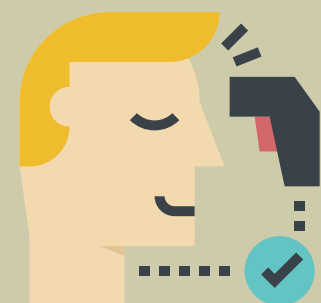

Enable TraceTogether mobile app for contact tracing and Safe Entry purposes. *Note: The application does not capture GPS/geolocation data. For more information, visit www.tracetgether.gov.sg

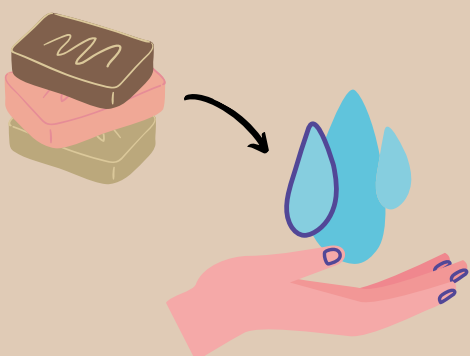

Participants are required to carry an anonymised MICE Pod for the duration of the event, which will be used to ensure Safe Management Measures are adhered to at the event.

Maintain at least one metre distancing between individuals at all times.

Temperature screening will be conducted at venue entrances and exhibition hall foyer.

Clean your hands frequently using alcohol-based hand rub or soap and water, especially before and after eating, coughing and/or sneezing.

Masks must be properly worn at all times, except when one is eating or drinking.

Avoid handshakes and hugs and adopt alternative greetings instead, such as a wave or a simple "Hello!".

Avoid touching your eyes, nose and mouth with your hands.

Cover your nose and mouth with flexed elbow or a tissue paper when coughing or sneezing. Dispose the tissue immediately and sanitise your hands.

Seek medical attention promptly if you are feeling unwell.
